

Job Description – Volunteer Deck Crew

To work as part of a small team of volunteers as deck crew on board the Massey Shaw

Duties

- Carry out tasks related to the running of the boat on passages and displays on the River Thames or whilst moored up at various locations.
- Occasionally operate fire fighting equipment for maintenance or display purposes.
- Carry out maintenance, examination and testing of fire fighting equipment.
- Assisting in keeping the boat clean and tidy, and wear any protective clothing as necessary.
- Undertake any necessary training that may be considered necessary

Familiarisation training will be given to all volunteers on the boat and its equipment including the operation of all fire fighting equipment.

As the normal crewing is small, you may also be required to assist with other tasks associated with the smooth running of the boat

Other attributes

Although not essential, any marine qualifications or previous experience of crewing boats would be an asset as would any DIY skills.

As the boat is not always a stable platform a reasonable standard of fitness and agility is required.

A good sense of humour and inter personal skills with the ability to get on with other crew members and members of the public who may visit the boat on occasions.
